We humans have some level of stress in our daily life. Different things cause stress. Money problems, work and relationships with other people can all cause stress. It can also be caused by good things like getting married or moving into a new house. The important thing to remember is that you can never completely remove stress from your life. <u>It</u> will always be with you. Instead of trying to remove stress, people need to know what causes it, and find ways to reduce its influence on their lives.

There are several ways to fight against stress. Exercise and sports are great ways to reduce stress. Other activities like Tai Chi, yoga or taking a walk also help decrease stress. Changing the way you think can also decrease stress. Try living for now, and don't worry about the future.
