To be honest, at the beginning of learning English, I had difficulty making English sentences correctly. Besides, I couldn't pronounce or understand English words well. Therefore, I joined in an English institute to improve both my speaking and listening comprehension. Also, I spent two hours a day listening to English songs, watching movies with English subtitles and reading short stories. After a while, my English began improving greatly and I really found it easy to communicate with people who could speak English very well. Finally, I should mention that according to my experience, everyone can learn English easily even if s/he is not young. S/he should just try hard and believe in himself or herself.</p> <p>27. Why did Mrs. Sohrabi join an English class? 28. What is her suggestion to everybody?</p> <p>- Based on the reading form the following questions; 29. How? 30. Where</p>	4
