Tigers are losing their natural home. They are in danger. They are endangered animals because people kill them and destroy the place where they live. Hunters hunt them and sell them. Some Chinese people use tiger body parts as medicine. The world lost 97% of its tigers in the last eighty years.

Seventy percent of tigers live in India. India tries to help the tigers. India says that life for the tigers gets better. We thank the people who take care of the forests in India.

a) Put True or False.

35) 97% of tigers live in India. (F-T)

0.5

36) India doesn't have any plan to save tigers lives. (F-T)

b) Give complete answers.

37) Why do we call tigers endangered animals?

1.5

38) What do Chinese do with tiger body parts?

Good Luck
