Languages vary greatly from region to region.They are so different that a person may not understand the language of someone from another region , country, or continent.It is not surprising to hear that today about 7000 languages exist in the world.There are more than 2250 in Asia , about 230 in Europe ,and more than 1300 in Oceania.

About fifty percent of the world`s languages have fewer than 5000 speakers.In the beginning of the twenty-first century, 204 languages had fewer than 10 speakers and 344 languages had between 10 and 99 speakers.The 548 languages with fewer than 99 speakers make up nearly 8 percent of the world`s languages.We call them `endangered languages`. As the speakers of such languages grow old and die, their languages will die ,too.

A-Skim the first paragraph and circle the main idea.
- o   a. Language is a system of communication.
- o   b. Languages are very different.
- o   c. All languages are really valuable.
